

School year 2026/2027

Important info for parents/guardians

- 👤 Please provide your child with comfortable indoor shoes or slippers. As we change shoes indoors, we ask that they fit well and stay securely on their feet, as the children take part in movement, music, and sports activities throughout the day.
- 👤 Please bring spare set of clothing (clearly labelled) in a labelled plastic ziplock bag to be left in the preschool
- 👤 We ask that all children wear suitable, comfortable clothes, ideal for art work and outdoor messy play. (No 'good' clothes please). Velcro shoes are preferable. Please dress for the weather and provide a coat when needed.
- 👤 **DROP OFF AND COLLECTION PROCEDURES**
 - Please drop and collect your child as close to the set time as possible (8:30-11:30 and 12:00-15:00). ***If you need to collect your child earlier please let us know before hand as it creates disruption to the class routine and a special care for the child needs to be arranged while the rest of the class is still taking part in their daily routine.***
 - When dropping/collecting, please come to the door or wait at the gate. For safety reasons, we cannot send children out if you are waiting in the car park, as this could be unsafe. We would appreciate it if you could share this message with anyone who may drop off or collect your child.
 - ***IMPORTANT: Once your child has been collected and has left the preschool gates, they are no longer under the supervision of preschool staff. Outside the preschool gates, your child is your responsibility and must be supervised by a parent/guardian at all times.***
 - Please note that children are not permitted to use the playground or outdoor toys at collection time, as these areas are unsupervised and the gate is in use. This could compromise children's safety. We will also be enforcing a strict no-running policy when entering and exiting the premises. **We kindly ask parents to ensure the gate is kept closed at all times.**
- 👤 To communicate with parents we are going to use TeachKloud app, please stick to this route of communication as we will keep an eye on it and if you try to contact us via other applications your message may not be seen.

This app is going to be used for day to day communications, sharing observations and learning stories with parents so please keep an eye on it.

Shortly I will upload a Parent's Booklet and other documents to the app, we need you to consent to some of them through the app as well.
- 👤 Snacks for the children must be provided by the parents/guardians, please note that there is a strict no junk food policy here at Ash's Angels. Items such as chocolate

spread, cookies or brioche with chocolate chips are not allowed. We are also NUT FREE zone - so no nuts, chocolate spread etc please)

- 👤 Lunch boxes must be clearly labelled with the child's name. Please make sure that your child has a plastic box or a bag with their name on it and it is suitable to be stored in the fridge (**1 bag /box per person - no loose items please**). Please label your child's drink bottle as well.
